IMPORTANT NOTICE REGARDING REPLACEMENT OR CHANGE OF LIFE INSURANCE POLICIES OR ANNUITY CONTRACTS

APPENDIX 10C
DEPARTMENT OF FINANCIAL SERVICES OF THE STATE OF NEW YORK
IMPORTANT NOTICE REGARDING REPLACEMENT OR CHANGE OF LIFE INSURANCE POLICIES OR ANNUITY CONTRACTS

THIS IMPORTANT NOTICE IS FOR YOUR BENEFIT AND REQUIRED BY REGULATION NO. 60

You are contemplating the purchase of a life insurance policy or annuity contract in connection with the surrender, lapse or change of existing life insurance policies or annuity contracts. The agent or broker is required to give you this notice together with a signed Disclosure Statement containing the summary result comparison for the new life insurance policy or annuity contract and any life insurance policies or annuity contracts to be changed that sets forth the facts of the transaction and its advantages and disadvantages to you. Your decision could be a good one – or a mistake – so make sure you understand the facts. You should:

1. Carefully study the Disclosure Statement, which includes a summary result comparison, until you are sure you understand fully the effect of the transaction.

2. Ask the Company, Agent or Broker from whom you bought your existing life insurance policies or annuity contracts to review with you the transaction and the Disclosure Statement. You may be able to effect the changes you desire more advantageously with them. Their customer service telephone number is contained in the Disclosure Statement.

3. Consult your tax advisor. There may be unfavorable tax implications associated with the contemplated changes to your existing life insurance policies or annuity contracts.

As a general rule, it is often not advantageous to drop or change existing coverage in favor of new coverage, whether issued by the same or a different insurance company. Some of the reasons it may be disadvantageous are:

1. The amount of the annual premium under an existing life insurance policy may be lower than that called for by a new life insurance policy having the same or similar benefits. Any replacement of the same type of policy will normally be at a higher premium rate based upon the insured's then attained age.

2. Since the initial costs of a life insurance policy are charged against the cash value increases in the earlier life insurance policy years, the replacement of an old life insurance policy by a new one results in the policyholder sustaining the burden of these costs twice. Annuity contracts usually contain provisions for surrender charges, therefore a replacement involving annuity contracts may result in the imposition of surrender charges.

3. The incontestable and suicide clauses begin anew in a new life insurance policy. This could result in a claim being denied under the new life insurance policy that would have been paid under the life insurance policy that was replaced.

4. An existing life insurance policy or annuity contract often has more favorable provisions than a new life insurance policy or annuity contract in areas such as loan interest rate, settlement options, disability benefits and tax treatment.

5. There may have been changes in your health since the purchase of the existing coverage.

6. The insurance company with which you have existing coverage can often make a desired change on terms that would be more favorable than if you replaced existing coverage with new coverage.

You have the right, within 60 days from the date of delivery of a new life insurance policy or annuity contract, to return it to the insurer and receive an unconditional full refund of all premiums or considerations paid on it, or in the case of a variable or market value adjustment policy or contract, a payment of the cash surrender benefits provided under the policy or contract, plus the amount of all fees and other charges deducted from gross considerations or imposed under the life insurance policy or annuity contract, and **may** have the right to reinstate or restore any life insurance policies and annuity contracts that were surrendered, lapsed or changed in the transaction to their former status to the extent possible and in accordance with the insurer's published reinstatement rules to the extent such rules are not inconsistent with the provisions of this part.

IMPORTANT: This right should **not** be viewed as reinstating or restoring your life insurance policy or annuity contract to the same condition as if it had never been replaced. There may be consequences in reinstating or restoring your life insurance policy or annuity contract, including but not limited to:

- The right to reinstate or restore your life insurance policy or annuity contract applies only to companies subject to New York Insurance Laws;
- Your life insurance policy or annuity contract is subject to your specific company's reinstatement rules, which may vary from company to company. These rules may require payment of both premium and interest; however, you will not be subject to evidence of insurability, or a new contestable or suicide period;
- You may not receive the interest or investment performance during the period the life insurance policy or annuity contract was replaced; and
- There may be unfavorable federal income tax consequences as a result of the reinstatement of your life insurance policy or annuity contract.

IMPORTANT: In the case of a variable or market value adjustment policy or contract, the value of the policy or contract may increase or decrease during the 60 day period depending on the performance of the underlying investments, which may effect the value of the refund you receive.

I hereby acknowledge that I read the above "IMPORTANT NOTICE" and have received a copy of same.

(Provide Name of Existing Insurance Company with Street Address, City, State and Zip Code) ______________________________

POLICY NUMBER(S): ______________________________

For value received, I hereby assign and transfer to Protective Life and Annuity Insurance Company ("Protective Life and Annuity") all right, title, and interest to the above listed policy(ies) in an exchange intended to qualify under Section 1035 of the Internal Revenue Code. However, this assignment and all other terms and agreements set forth below are conditioned upon Protective Life and Annuity's underwriting and approving a new life insurance policy on the life of the Insured(s) named above. This conditional assignment will not become effective unless and until Protective Life and Annuity approves a new life insurance policy.

I understand that if Protective Life and Annuity approves a new life insurance policy on the life of the Insured(s) named above, then Protective Life and Annuity will surrender the assigned policy(ies) and it/they will no longer be in force or effect as of the date of surrender. I further understand that, if Protective Life and Annuity approves the new life insurance policy, Protective Life and Annuity will collect whatever cash surrender values are available from the existing insurance company on the assigned policy(ies) and apply such amount received as premium on the new life insurance policy. I agree that Protective Life and Annuity assumes no responsibility if the full scheduled cash surrender values of the assigned policy(ies) are not received.

I certify that the above listed policy(ies) is/are currently in force and not subject to any prior assignments, any legal or equitable claims, or liens. I further certify that there is no proceeding in bankruptcy pending against me.

I certify that if the above listed policy(ies) is/are not attached to this conditional assignment that it/they has/have been lost or destroyed. I hereby waive all rights and benefits under such policy(ies) and agree to return it/them to you if it/they comes/come into my possession.

I understand and agree that I will be responsible for keeping the above listed policy(ies) in force by paying any premiums as they become due until such time as Protective Life and Annuity notifies me in writing that I have been issued a new life insurance policy.

I understand that under Section 1035, reporting may be required for federal income tax purposes. The replaced company is required to report all exchanges of insurance contracts on Form 1099-R, including tax-free exchanges under Section 1035 in situations in which a policyholder has an outstanding policy loan at the time of exchange. If there is an outstanding policy loan at the time of the exchange, the transaction may not be characterized as tax-free. In fact, any gain will be taxed to the extent of the outstanding policy loan. Accordingly, I understand that it is advisable when filing my individual federal income tax return that I enclose a copy of the reporting form (Form 1099-R) with an explanation that the policy was exchanged pursuant to Section 1035 of the Internal Revenue Code.

Check One: ☐ I have enclosed the policy(ies). ☐ I certify that the policy(ies) has/have been lost or destroyed. After due search and inquiry, to the best of my knowledge, it/they is/are not in the possession or control of any other person.

2. **What is the HIV Antibody Test?**
   The HIV antibody test is a blood test. The test shows if you have antibodies to the virus that causes AIDS. A sample of your blood will be taken from your arm with a needle. If the first test shows that you have antibodies, a different test will then be done on the same blood sample to make sure the first test was right. The HIV antigen test directly identifies AIDS viral particles.

   A positive test result means that you have been exposed to the virus and are infected. It does not mean that you have AIDS or that you will become sick with AIDS in the future; *but it is an indication that you may develop AIDS and may wish to consider further independent testing.*

   A negative test result means that you are probably not infected with the virus. It takes the body time to produce HIV antibodies. If you have been exposed to HIV recently, you need to be retested in several months to make sure you are not infected. Your doctor or counselor will explain this to you.

3. **What are the benefits of taking the test?**
   If you test negative:
   - You can learn how to protect yourself from getting infected with the virus in the future. Ask your doctor or counselor how.

   If you test positive:
   - You can learn how to avoid giving the virus to others.
   - Knowing that you are infected is important for your health. Your doctor can care for you better.
   - If you are a woman or man who is thinking of having a child, you can learn about the risks of passing the virus to your baby.
   - If you are a woman who is already pregnant, your doctor can provide information on the full range of options and services available to you.

4. **Voluntary Testing**
   Taking an HIV antibody test is voluntary. You do not have to take the test.
   If you do not wish anyone to know your test results or even that you have been tested, you can go to an anonymous test site. This is a place where you can receive counseling and the HIV test without giving your name or address. You can find the nearest anonymous test site by calling the **AIDS Hotline at 1-800-541-2437**.

5. **Confidentiality of Test Results**
If you take the HIV antibody test, your test results are confidential. Under New York State Law, confidential HIV related information can only be given to people you allow to have it by signing this consent and release form, or to those persons included on the back of this form.

By signing this release form, you agree that the test results will be reported by the laboratory to the insurer. When necessary for business reasons in connection with insurance you have or have applied for with the insurer, the insurer may disclose test results to others involved solely in the underwriting process such as its affiliates, reinsurers, employees or contractors. If the insurer is a member of the MIB, Inc., and if the test results for HIV antibodies/antigens are other than normal, the insurer will report to the MIB, Inc., a generic code which signifies only a non-specific blood and/or urine test abnormality. If your HIV test is normal, no report will be made about it to the MIB, Inc. Other test results may be reported to the MIB, Inc., in a more specific manner. The organizations described in this paragraph may maintain the test results in a file or data bank. There will be no other disclosure of test results or even that the tests have been done except as may be required or permitted by law or as authorized by you.

If your HIV test results are normal, no routine notification will be sent to you. If the HIV test results are other than normal, the insurer will contact you. The insurer may also contact you if there are other abnormal test results which, in the insurer's opinion, are significant. The insurer will ask you for the name of a physician, other health care provider, or other designee to whom you may authorize disclosure and with whom you may wish to discuss the results. *If you elect to receive the HIV test results directly, you may call the State Health Department's toll-free number for further information about AIDS, the meaning of HIV test results and the availability and location of HIV counseling services. You should consult your physician about the meaning of and need for counseling, where appropriate, as to the HIV test results.*

6. **Risks Involved with Disclosure and Sources of Help**
If you test positive, you should be careful about telling others what your test showed. Some HIV positive people have been discriminated against by employers, landlords and others. If you experience discrimination because of release of HIV related information, you may contact the New York State Division of Human Rights at **(212) 870-8624** or the New York City Commission of Human Rights at **(212) 566-5493**. These agencies are responsible for protecting your rights.

7. **For More Information**
If you have further questions about informed consent for HIV antibody testing, you may contact the New York State Department of Health at **(518) 486-1595.**
