Information regarding your insurability will be treated as confidential. Protective Life, or its reinsurers, may, however, make a brief report of any personal health information thereon to the MIB, LLC ("MIB"), which operates an information exchange on behalf of insurance companies that are members of MIB Group, Inc. This inquiry includes information as to your insurance risk score, character, general reputation, personal characteristics or behavioral and lifestyle factors, except as may be related directly or indirectly to your sexual orientation. You have the right to be personally interviewed if we order an investigative consumer report. You also have the right to receive a copy of the report by making a written request to Protective Life, within a reasonable period of time, to receive additional detailed information about the nature and scope of this investigation.

SUMMARY DISCLOSURE STATEMENT for ACCELERATED DEATH BENEFIT

Benefit:

Subject to the terms of this Benefit, we will pay a portion of the death benefit upon receiving proof that the insured is terminally ill. An accelerated death benefit can only be paid one time.

Consequences of Receiving Accelerated Death Benefit:

The receipt of an accelerated death benefit may be considered a taxable event under the Internal Revenue Code. The receipt of an accelerated death benefit may also affect eligibility to receive, or continue to receive Medicaid benefits, or other state or federal government benefits and entitlements. Before you elect to receive any accelerated benefits, you should consult with your tax advisor.

Amount You May Elect:

You may elect the amount of the accelerated death benefit to be paid. The limits are outlined in the Benefit but are generally limited to the lesser of 60% of the death benefit of the policy or \$1,000,000. We will charge an administrative fee of not more than \$300, deducted from any payment made.

When Eligible for Payment of Benefit:

You are entitled to receive the accelerated death benefit when we have determined that the insured is terminally ill and has a life expectancy of 6 months or less.

Notice and Proof of Qualifying Event:

We will require proof that the insured is terminally ill. The diagnosis must be made by a physician as defined in the Benefit. Any diagnosis must be the result of clinical, radiological, histological, or laboratory evidence of the terminal illness. We may require a second medical opinion by a physician of our choice at our expense. If there is a conflict of opinion, we reserve the right to make the final determination.

Effect of an Accelerated Death Benefit:

When you elect to receive an accelerated death benefit, it will be treated as a lien against your policy. We will charge you interest on the accelerated death benefit paid to you. The Accelerated Death Benefit does not have an effect on the Premium and/or Cost of Insurance Charges of the base policy.

The maximum interest rate we may charge you is the greater of:

1. The interest rate charged on policy loans; or
2. the current 90 day U.S. Treasury Bill rate in effect on the date that the accelerated death benefit is paid.

The maximum interest rate we will charge on the portion of the lien which is equal to the cash surrender value of the policy at the time the accelerated death benefit is requested will be no greater than the rate we charge on policy loans.

The accelerated death benefit will first be used to repay any outstanding policy loans and any unpaid accrued interest thereon. Your access to the cash surrender value of your policy, if any, will be limited to the excess of the cash surrender value over the lien. The death benefit will also be reduced by the amount of the lien. There will be no effect on any benefits not used to determine the accelerated death benefit.

Any irrevocable beneficiaries or assignees must send us a written consent to the accelerated death benefit payment. The written request must be in a form satisfactory to us.

Below is a **sample illustration** of the effect of an accelerated death benefit on a **UNIVERSAL LIFE** policy. This illustration shows the effect on the face amount of the policy before the accelerated death benefit is elected, immediately after the election is made and 12 months after the election is made (assuming the insured is still living). This illustration also assumes:

- (1) the Face Amount is \$100,000; (2) a 50% accelerated death benefit is elected; (3) we are charging 6% on the lien; and (4) for **UNIVERSAL LIFE**, the cash surrender value does not change after the accelerated death benefit is elected.

NOTICE AND CONSENT FOR AIDS VIRUS (HIV) TESTING

Acquired Immunodeficiency Syndrome (AIDS) is a life-threatening disorder of the immune system, caused by a virus, HIV. The virus is transmitted by sexual contact with an infected person, from an infected mother to her newborn infant, or by exposure to infected blood (as in needle sharing during IV drug use). Persons at high risk of contracting AIDS include males who have had sexual contact with another man, intravenous drug users, hemophiliacs, and sexual contacts with any of these persons. AIDS does not typically develop until a person has been infected with HIV for several years. A person may remain free of symptoms for years after becoming infected. Infected persons have a 25 percent to 50 percent chance of developing AIDS over the next 20 years. Symptoms which may develop include fever (including night sweats), weight loss, swollen lymph glands, fatigue, diarrhea and white spots or unusual blemishes in the mouth.

- PURPOSE OF THE HIV TEST.** To evaluate your insurability, the Insurer named above, Protective Life Insurance Company, has requested that you provide a sample of your blood, urine or other body fluids for testing and analysis to determine the presence of human immunodeficiency virus (HIV) antibodies or antigens. This is not a test for AIDS; AIDS can only be diagnosed by medical evaluation.
- PRE-TEST COUNSELING.** Many public health organizations have recommended that before taking an AIDS-related test, a person seek counseling to become informed concerning the implications of such a test.
- METHOD AND ACCURACY OF THE HIV TEST.** The HIV antibody test that is to be performed is actually a series of tests done by a medically accepted procedure. Your blood, urine or other body fluids sample will first be subjected to a test known as ELISA (enzyme-linked immunosorbent assay). If the result of this test is positive, the ELISA test will be repeated. If this repeat ELISA test is also positive your blood, urine or other body fluids specimen will then be subjected to another, more specific technique called the Western blot test, for confirmation. Your test result is considered positive only after positive results are obtained on two ELISA tests and a Western Blot test. The HIV antibody test is extremely accurate. However, in rare instances the test may be positive in persons who are not infected with the virus (a false positive). This may include persons who have not engaged in high risk behavior. These individuals are encouraged to seek retesting to help confirm the validity of the positive test. Additionally, the test may occasionally be negative in persons who are infected with HIV (a false negative) especially when the infection occurred recently; it takes at least 4-12 weeks for a positive test result to develop after a person is infected.
- CONFIDENTIALITY OF HIV TEST RESULTS.** All test results will be treated confidentially. They will be reported by the laboratory to the Insurer. When necessary for business reasons in connection with insurance you have or have applied for with the Insurer, the Insurer may disclose test results to others such as its affiliates, reinsurers, employees, or contractors. If the Insurer is a member of the MIB, LLC and if the test results for HIV antibodies/antigens are other than normal, the Insurer will report to the MIB, LLC a generic code which signifies only a non-specific laboratory test abnormality. If your HIV test is normal, no report will be made about it to the MIB, LLC. Other test results may be reported to the MIB, LLC in a more specific manner. The organizations described in this paragraph may maintain the test results in a file or data bank. There will be no other disclosure of test results or even that the tests have been done except as may be required or permitted by law or as authorized by you.
- POSITIVE TEST RESULTS.** Positive HIV antibody/antigen test results do not mean that you have AIDS, but that you are at significantly increased risk of developing AIDS or AIDS-related conditions. Federal authorities say that persons who are HIV antibody/antigen positive should be considered infected with the AIDS virus and capable of infecting others. Positive HIV antibody or antigen test results or other significant laboratory test abnormalities will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.
- NOTIFICATION OF HIV TEST RESULTS.** If the test results are negative, no routine notification will be sent to you. Positive or indeterminate test results will be provided to the private physician you indicate below:

Physician's Name

Physician's Address

In absence of a designated physician, positive or indeterminate test results will be communicated in accordance with the rules of your state. Some states will require notification of positive or indeterminate test results to the local health department in addition to or in lieu of notification to your private physician.

CONSENT: I have read and I understand this Notice and consent for HIV (AIDS)-Related Testing. I voluntarily consent to testing and disclosure as described above. I understand that I have the right to withdraw this consent prior to being tested and that I may request and receive a copy of this form. A photocopy of this form will be as valid as the original. In addition, I authorize Protective Life Insurance Company or its reinsurers to make a brief report of any personal health information to the MIB.

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the insurance producer/agent, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new life insurance policy or annuity contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing life insurance policy or annuity contract, or an existing life insurance policy or annuity contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the life insurance policy values, including accumulated dividends, of an existing life insurance policy, to pay all or part of any premium or payment due on the new life insurance policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your life insurance policy or annuity contract. You may be able to make changes to your existing life insurance policy or annuity contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing life insurance policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing life insurance policy or annuity contract? Yes No
2. Are you considering using funds from your existing policies or annuity contracts to pay premiums due on the new life insurance policy or annuity contract? Yes No

If you answered "Yes" to either of the above questions, list each existing life insurance policy or annuity contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the life insurance policy or annuity contract number if available) and whether each life insurance policy or annuity contract will be replaced or used as a source of financing:

	INSURER NAME	ANNUITY CONTRACT OR LIFE INSURANCE POLICY #	INSURED OR ANNUITANT	REPLACED (R) or FINANCING (F)
1.				
2.				
3.				

Make sure you know the facts. Contact your existing company or its insurance producer/agent for information about the old life insurance policy or annuity contract. If you request one, an in-force illustration, life insurance policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and keep all sales material used by the insurance producer/agent in the sales presentation. Be sure that you make an informed decision.

The existing life insurance policy or annuity contract is being replaced because _____.

I certify that the responses herein are, to the best of my knowledge, accurate:

Applicant/Proposed Insured's Signature Printed Name Date

Owner's Signature (if other than Applicant/Proposed Insured) Printed Name Date

Joint Owner's Signature Printed Name Date

Insurance Producer's/Agent Signature Printed Name Date

I do not want this notice read aloud to me _____ (Owner/Applicants must initial only if they do not want the notice read aloud.)

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing life insurance policy or annuity contract and the proposed life insurance policy or annuity contract. One way to do this is to ask the company or insurance producer/agent that sold you your existing life insurance policy or annuity contract to provide you with information concerning your existing life insurance policy or annuity contract. This may include an illustration of how your existing life insurance policy or annuity contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or annuity contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older - are premiums higher for the proposed new life insurance policy?
- How long will you have to pay premiums on the new life insurance policy? On the old life insurance policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old life insurance policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new life insurance policy?
- Does the new life insurance policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old life insurance policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new life insurance policy.
- (Claims on most new policies for up to the first two years can be denied based on inaccurate statements. Suicide limitations may begin anew on the coverage.)

IF YOU ARE KEEPING THE OLD LIFE INSURANCE POLICY AS WELL AS THE NEW LIFE INSURANCE POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing life insurance policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old life insurance policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old annuity contract?
- What are the interest rate guarantees for the new annuity contract?
- Have you compared the annuity contract charges or other life insurance policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new life insurance policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old life insurance policy under the Federal Internal Revenue Tax Code?
- Will the existing insurer be willing to modify the old life insurance policy?
- How does the quality and financial stability of the new company compare with your existing company?

REQUIRED CALIFORNIA DISCLOSURE – For Universal Life Policies with No-Lapse Guarantees

This policy is guaranteed to stay in force for a specified number of years as long as you meet the requirements of the Policy, including the Minimum Monthly Premium provision found in the policy contract. This provision is also known as a no-lapse guarantee, and a general description of the provision is included in the Narrative Summary section of the Basic Illustration.

While this policy provides a no-lapse guarantee, it may provide nonforfeiture benefits, such as cash surrender values, which are less than those that would be provided if the guarantee were issued as a separate policy, such as a term policy. If a separate term policy has higher nonforfeiture benefits, the premiums for the separate policy might be higher than the premiums for the no-lapse guarantee provided in this policy. Therefore, when considering the purchase of this policy, you should compare the value of higher nonforfeiture benefits, such as cash surrender values, versus the premiums required to keep your insurance coverage in force.

REQUIRED SOUTH CAROLINA DISCLOSURE – For Universal Life Policies with No-Lapse Guarantees

If there is no policy debt or partial surrenders, this policy is guaranteed to stay in force during the no lapse period as long as you have paid the required minimum premiums. This guarantee could be provided by a separate policy (such as a term policy). However, the nonforfeiture benefits (such as cash surrender value) in this policy may be significantly less valuable than those provided by the separate policy. So, if you fail to pay a premium within a specified period of time from its due date or otherwise cause this policy to terminate early, the benefits paid to you upon termination could be much less than would customarily be paid if provided by the separate policy.

When thinking about purchasing this policy, you should consider the tradeoff you may be making between having significantly smaller nonforfeiture benefits (such as a cash surrender value) available to you upon surrender of the policy versus the reduction in premium, if any, you may receive for not having these benefits.
