Federal and State Tax Withholding

If you are not a United States citizen and you are also not a resident of the United States, then please provide to us with this form your IRS form W-8. If you meet these criteria (not a US citizen and also not a US resident), then this section does not apply to you. The Company will determine the appropriate amount of federal tax withholding based on the information in your W-8. In most W-8 situations the Company is not required to withhold federal taxes. State tax withholding will not be applicable. You may skip to the signature section of this form.

The Company may be required to withhold income taxes on a payment to you. If below you elect to not have taxes withheld, then when you file your tax returns there is a possibility that you will owe more money than if you choose below to have taxes withheld. Each year-end we will report to you on an appropriate IRS form 1099R any taxes that we withheld during that year. Taxes withheld count as part of your total taxes paid when you file your tax returns.

Regarding federal taxes, you may not choose below Do not withhold if the payment will be made to an address (or to an account) in a foreign country. Furthermore, in certain situations a payment from your contract or policy is subject to an additional 10% tax when you file your federal tax return.

Regarding state taxes, some states require that withholding be done at a certain minimum rate. If below you do not make any tax withholding choices, or if your choice below is inconsistent with these rules, then in general the Company is required to choose for you instead a certain minimum rate of state tax withholding.

Please make your tax withholding choices below in the section that is applicable to your policy. You may change at any time the choices that you make below. Your choices will remain in-effect until you notify us that you want to change them.
